

Holographic Stickers

Iridescent shine that reflects light

Holographic stickers add a reflective finish that makes destination artwork pop at retail. Printed in full color and cut clean every time, they are an easy way to add collectible energy to your sticker lineup.

Why Choose Our Holographic Stickers?

- High visual impact: The holographic surface grabs attention and keeps it, even in busy stores.
- Cut guidance: Rounded edges cut cleaner than sharp points, and internal cutouts are not supported.
- Proof first workflow: Approve the design and cutline before production, ensuring your standards are always met.
- Support that stays responsive: Clear answers on timelines, minimums, packaging, and delivery windows.
